

Response Question 3

OR Project 3

Instructions:

RESPONSE QUESTION 3:

Everyone acts at one point or another. We each play our roles. But how does acting affect you in your every day life? Do we act too much or too little?

Or...

PROJECT 3

Research 10 of the characters found in Romeo and Juliet and cast the play as you see fit. Include images of your cast members with their character's name, and their real name. You must do 10 characters to complete this project.

Reminder from the syllabus:

Students are required to write a 1 page response (project responses can be as long as needed to complete assignment) addressing the question asked or project proposed, the related reading, and any other supplemental information the student finds useful for exploring their response. These are informal responses designed to let the student think more personally about the topics addressed in class and in the reading. These responses must be typed and submitted through D2L before the start of class on their due dates. Max font size: 12. Max spacing: double. **NO MORE THAN 1 PAGE FOR READING RESPONSES!** (Project responses may be longer) Late work will be marked down.

PROJECT 3 Sample character

Character: Romeo

Actors Name: Cameron Wakefield

I would choose Cameron for the role of Romeo because he is a popular young actor who can draw in an audience and, because of his having played several serious dramatic roles in the past, he appears to have the talent to pull off this role.
